STATEMENT OF INTENT FOR ALL STUDENTS AND THEIR PARENTS TO SIGN:

I have read the course description on the PA Homeschoolers website about the course, and the requirements above in this application, and I understand what this course will require from me.

I further understand that if I do not participate fully in the course, keeping up with required assignments as best I can I may be dismissed from the course. I also realize that the teacher will be very understanding of legitimate situations that interfere with deadlines and due dates if he is notified IN ADVANCE or as soon as possible in the case of real emergencies) **I also understand that PLAGIARIZED WORK may be cause for dismissal.**

Specifically, once the course starts on August 27, 2020, I am expected to check Schoology regularly and to complete and submit assigned work according to the class calendar. I realize that if I ever need a short extension due to travel, illness, or family emergency, I can always do so as long as the request is made to Mr. Munson directly, in advance when appropriate.

If I do not complete and submit assignments two consecutive weeks, or contact the instructor to explain why work is not being completed, I will be on **probation**, and have exactly two weeks to turn in all back assignments. Parents will be contacted at this point, if work is not turned in. **Being on probation twice could be grounds for being dismissed from the course**, as it indicates that I do not have the time or self-discipline to work at the course consistently. I understand that if my work is of consistently poor quality, my parents will be contacted with ideas on how to help me upgrade my study and writing skills so that my performance can improve. I will work to be as well-prepared as possible for the AP exam in May.

I intend to consistently work hard and engage in AP Euro all year and to learn as much as I can so that I will understand modern European history and do my best on the AP exam
